

Acknowledgment to Reviewers (2026)

We would like to take this opportunity to acknowledge the time and effort devoted by reviewers to improve the quality of the published work in the *Middle East Journal of Cancer (MEJC)*. Their commitment ensured the rigorous peer review that is integral to quality academic publishing.

In 2026, *MEJC* received 284 review reports, from 132 reviewers. Their dedication shapes scholarly discourse and advances global research. The editorial team expresses gratitude for the vital role played by each reviewer in the *MEJC* family throughout 2026, and we look forward to their continued support in 2027.

The following are the reviewers who have consented to show their names:
